

Sembawang
A PUNJ LLOYD COMPANY

Shaping the World

Sembawang Engineers and Constructors

A Punj Lloyd Group Company, Sembawang is one of the largest engineering and construction companies in South East Asia.

Managing projects around the world from its headquarters in Singapore, Sembawang excels in technologically challenging and complex work, specialising in the niche areas of mega infrastructure, high-rise buildings, special-purpose structures like semiconductor manufacturing plants with clean rooms, and utilities like water treatment plants.

With world-class competence across the full range of engineering disciplines required for such highly sophisticated projects, Sembawang is a comprehensive one-stop service provider. With its multi-disciplinary team of professionals under one roof, it offers award-winning services that include:

- Feasibility Studies
- Master Planning and Concept Design/Front-End Engineering Design (Feed)
- Basic Design and Detail Engineering Design
- Procurement
- Project and Construction Management
- Construction
- Validation
- Plant Start-up and Commissioning

At every stage, Sembawang is passionately engaged in adding value to the project, utilising everything from in-house design capabilities to precast expertise to achieve fast-track construction. Sembawang's goal is to create high-quality solutions that embody aesthetics, economics, serviceability of the development and sustainability of the environment.

Our Capabilities

Infrastructure
